La qualité exceptionnelle des infrastructures et des sites proposés, qui ont déjà accueillis les jeux Olympiques, le goût et le savoir faire italien nous garantissent la réussite de ces Jeux.

C'est donc confiant que je vous invite à participer massivement à ces XIII^{ème} Jeux Européens du Sport d'Entreprise qui seront, pour nous tous, l'événement européen majeur en 2016.

13th Edition of Winter European Company Sport Games 2016
CORTINA d'AMPEZZO

As always, and now more than ever, it is with great sporting and festive spirit that there will be held the XIII edition of the Winter European Company Sport Games 2016, organised by the Italian Federation for Company Sport (CSAI) and by the Olympic sporting facilities of Cortina d'Ampezzo.

This event will involve many winter sport fans from all over the Europe. This competition, based on the complementary values of a genuine and healthy practice of sport, will find its full meaning in the conscientiousness and professionalism of the Italian organization.

Once you have decided to participate in these games in Cortina, you will get the opportunity to discover one of the most beautiful and representative Italian skiing resort, that will welcome you on its mountain treasures, and where the population will make each of you a guest of honour.

The extraordinary high quality of the offered sporting facilities and venues, which hosted the Olympic Games in the past, the Italian style and *savoir faire* ensure the success of these Games.

Therefore, it is with confidence that I invite you to participate in great numbers in this XIII edition of Winter European Company Sport Games which, to all of us, will be the major european event of 2016.

See you in Cortina d'Ampezzo.

Kindest regards,

Didier BESSEYRE
President of the European Federation for Company Sport

**13th Edition of Winter European Company Sport Games 2016
CORTINA d'AMPEZZO**

I am sure that many of you will say, "At last!". Other will say, "It was about time". Other people will say: "Wonderful!".

Those are all expressions of satisfaction which convey the pleasure to be together again after the 20th edition of the European Summer Company Sport Games in Riccione, a wonderful success thanks to all of you.

Now, it is sure that Cortina d'Ampezzo will host all of us for the 13th edition of the European Winter Company Sport Games, in March 2015.

It is an honour for CSAIn to have been able to implement what the last European Council wished.

The matured experience will keep the high quality level we have shown so far. It is an even higher quality level if it is set in suggestive landscapes which only the mountains and the peculiarities of Cortina d'Ampezzo can offer.

I strongly believe, and I have always claimed, that EFCS has a high social, cultural, sporting and touristic potential. By belonging to the industrial system of our countries, since we are also players in the European economy and more, we have to be more and more united in order to promote the exchange of experiences and values for the growth and the enrichment of the future generations.

Spending the spare time in the healthy way has to be considered as the driving force for the economy as well.

Describing all the natural beauties and all the opportunities of Cortina, "Pearl of the Dolomites", would not convey the same feeling as being there.

We all will talk about that there, where we will drink a toast joyfully.

Thanks to all of you.

Luigi FORTUNA

President of the CSAIn (Centri Sportivi Aziendali e Industriali)

**13th Edition of Winter European Company Sport Games 2016
CORTINA d'AMPEZZO**

In March 2015, Italy will host the 13th edition of the European Company Winter Games.

It is an important event which follows the wonderful 20th edition of the ECSG Riccione. It is a fantastic organising continuity which goes through changing landscapes, from the sea to the mountains, and that still keeps the high quality of our offerings.

Even in this occasion, sport will be a stimulus, an important driving force, for people to travel especially throughout Europe, thanks to its feature as real social movement in which each person is not just a spectator but the main protagonist.

In accordance with this general thinking, Federturismo Confindustria has always set the goal to train innovative and professional people in planning, promoting and marketing spare time in its combination of tourism and sport. Our venues are the focus of evaluations carried out with attention and professionalism in order to ensure a positive experience for all.

The ECWG Cortina 2016 are an extraordinary example and, at the same time, a fantastic opportunity to show that our beliefs are right and that our efforts to develop a relation between sport and tourism is not vain.

Therefore, I extend a very warm welcome to all those people, athletes-workers and their families, from all over Europe who will gather in Cortina d'Ampezzo: Pearl of the Dolomites.

The expectations of the EFCS, all countries, all organisations, all sport companies which are EFCS members will be not disappointed.

Welcome to Italy. Welcome to Cortina.

Enjoy your stay...May the sun, the snow and the ice be propitious for you!

Renzo IORIO
President of Federturismo Confindustria

**13th Edition of Winter European Company Sport Games 2016
CORTINA d'AMPEZZO**

Dear friends,

We are particularly pleased that Cortina d'Ampezzo will this year be the scene of the most important competition of the Winter European Corporate Sport Clubs,

It's a real chance to show off how beautiful our location is awaiting for the FIS Alpine World Ski Championships in 2021 and this event will be an important test of our organizing skills.

A great challenge for the hospitality that makes us proud because for the first time will take place in addition to "traditional" winter sports like alpine skiing, cross-country skiing, hockey, new fun competitions such as curling, snow bike and snowshoes.

We extend our best wishes to all those for whatever reason (family, athletes, technicians, managers, media and spectators) will be the protagonists of the event Winter EFCS Cortina 2016. We wish to enjoy beautiful and nice days dedicated to charming and pure sporting spirit. This is what Cortina for its many sporting values, social and cultural reasons is able to offer to its own fans.

With pride on behalf of all Hoteliers of Cortina d'Ampezzo i extend to all of you warm greetings and wait for you in large number to this important event in Cortina d'Ampezzo.

Gherardo Manaigo
President of the Hotels Association

EFCS and CSAIn are proud and pleased to announce Cortina d'Ampezzo as the hosting city for the 13th Edition of the European Company Winter Games.

9 - 13 March 2016

Cortina d'Ampezzo, the jewel in the crown of the Dolomites, plays a relevant role in the history of winter sports having hosted the 7th Edition of the Winter Olympic Games back in 1956. It was an outstanding edition thanks to the importance of its athletes, above any other the great Austrian skier Tony Sailer.

Cortina will also host the 2021 Alpine World Ski Championship and has hosted the World Curling Championship in 2009-2010.

Moreover, Cortina's slopes are regularly part of the FIS Ski World Cup circuit.

This sport prestige, coupled with the stunning natural beauties that surround Cortina – the Dolomites are a UNESCO World Heritage site - and the high quality services – Cortina is part the 12 “Best of the Alps®” elite destinations - make it one of the most famous ski areas in the world.

In order to let as many people as possible benefit from all of this, the registration fee and the skipass price have been kept at definitely affordable levels. And the credit for this belongs to CSAIn and the Organizing Committee, made by people with international standing and experience.
